

This listing of claims will replace all prior versions, and listings, of claims in the application:

**Listing of Claims:**

1-15. (canceled)

16. (currently amended) A method of washing a vehicle utilizing a gantry style vehicle wash system wherein the gantry is moveable ~~from~~ between a forward position in front of a vehicle to a rear position behind the vehicle, the movement of the gantry along the vehicle from either a forward or rear position to the other position defining a pass, the method comprising the steps of applying a presoak solution to the vehicle in one pass then simultaneously applying a clear-coat solution at one location on the vehicle and a spot-free rinse solution at a separate location ~~in~~ during a subsequent pass.

17-56. (canceled)

57. (previously presented) The method of claim 16 further including the step of applying no solutions to the vehicle in a dwell pass between said one pass and said subsequent pass.

58. (previously presented) The method of claim 57 further including the step of applying a cleaning solution to said vehicle in a cleaning pass after said dwell pass and before said subsequent pass.

59. (new) The method of claim 16 wherein the movement of the gantry in a pass is in a downstream direction and wherein the location of the application of the clear-coat solution is downstream from the location of the application of the spot-free rinse solution in a pass of the gantry.
